Director's Message

As I reflect on the transformative journey we have embarked upon together this past year, I am filled with an overwhelming sense of awe and gratitude. The theme of this year's Annual Report, "Healing Waves: Riding the Tides of Transformation," encapsulates the remarkable strides we have made as a collective force, navigating the ebb and flow of change with unwavering courage and resilience.

Our impact stretches far beyond the individual, influencing communities and awakening global consciousness to the potential of holistic healing.

Throughout this extraordinary journey, our members have been the driving force behind our success. Your dedication to personal growth, professional development, and sharing the gift of healing is an inspiration to us all and creates a ripple effect of transformation that extends beyond measure.

Together, let us celebrate our achievements, honor our shared vision, and embrace the endless potential that lies ahead. As we ride the transformative waves, may we guide others towards wholeness and create a world where healing is accessible to all.

With heartfelt gratitude,

Christine Salas
HTPA COMMUNITY DIRECTOR

2022 Highlights

HEALING TOUCH JOURNEY SERIES

HEALING TOUCH JOURNEY SERIES

In May 2022, HTPA began the Healing Touch Journey Series which was a program that offered four topic-specific events, spread out over the year, that addressed important milestones in the Healing Touch journey including mentorship, certification, certification renewal and instructor certification.

Each event included:

- a presentation by Healing Touch Program staff to share information about the process and criteria for each stage
- experienced practitioners that shared their journey and reasons for completing that particular part of the HT program
- an opportunity for Q&A

This program series was offered free to HTPA members and non-members and is still available for viewing on the HTPA member portal.
